He teaches chemistry and conducts research on neurodegenerative diseases, nanomaterials, and sensor development. Dr. Han serves as scholar of the FSU Center for Defense and Homeland Security, Co-PI, and as a steering committee member of The Southeastern North Carolina Regional Microanalytical and Imaging Center. His Bachelor of Science degree is in Chemical Engineering from Hebei University of Science and Technology. He also received a Master of Science and Ph.D. in Chemistry from the University of Science and Technology of China. Before joining FSU, Dr. Han completed his postdoctoral research on protein interactions and nanotechnology at California State University - Los Angeles.

STAFF EMPLOYEE

Ms. Maxine McFayden serves as the administrative assistant to the Dean of the School of Education at Fayetteville State University. She started her tenure at FSU 27 years ago in the Office of General Studies. Her roles at FSU have allowed her to interact with many students, most of whom are leaving home for the first time not knowing what to expect on a university campus. Just knowing that she can give these students encouraging words so that they remain motivated and focused to obtain their goal is rewarding for her. Ms. McFayden has had the opportunity to interact with many wonderful professors and co-workers who have encouraged her throughout the years. She indicates that she has been blessed to have worked with "supervisors who were great and the one that I have now is wonderful". She has four daughters and five grandchildren.

OF THE YEAR

Chancellor Anderson recognizes FSU Staff Senate President, Michelle McIver-Bell, for dedicated and outstanding service during her July 2009 - June 2011 reign.

"Leadership, tact and a vision for the future are qualities a Chancellor should possess as he or she helps to shape our country's future leaders. It is important that we set ourselves up now to have opportunities to learn and grow in areas that we are not familiar with. To me, I believe being Chancellor for a Day is one of those opportunities."

"I see an opportunity such as being the 'Chancellor for a Day' as a life changing experience. A goal of mine in life is to be a great man, good at the least, and in order to do this I will need to be a highly respected man, similar to the Chancellor. Being able to shadow a man of the Chancellor's caliber would provide me with knowledge and wisdom as I grow in leadership".

"The reason why I am praying for the opportunity to become a Chancellor for a Day is because I would like to show my appreciation for this school. Here at FSU, I was exposed to science and research that opened my eyes to look at my future differently".

BOWLING TEAM

Coaching the bowling team since the program's inception in 2001, Bobby Henderson won his 600th career win January 29th. Under the leadership of Coach Henderson, the team reached this awesome achievement during a CIAA Southern Division meet while on their way to a 10th title. A style unparalleled by his peers, Henderson's coaching philosophy is that "this program is about winning; we don't take losing". His high expectations have garnered him a 603-167 career record and his bowlers trips to numerous tournaments and the NCAA nationals with an Elite Eight finish in 2004.
